APPLE STEM NETWORK PRESENTS

SCIENCE IN OUR VALLEY

SUPPORTED BY OUR VALLEY OUR FUTURE

GREATER THAN THE SUM OF ITS PARTS: TOWARD A MORE PERFECT BIOPHILIA

PRESENTED BY DEREK SHEFFIELD

ENGLISH FACULTY WENATCHEE VALLEY COLLEGE

Free & Open to the Public

No Registration Required

Intended for 'Science-Based' Audience

**Greater than the Sum of Its Parts:
Toward a More Perfect Biophilia with
the Consilience of *Cascadia Field
Guide: Art, Ecology, Poetry***

We know very well the significance of STEM. For good reasons, the cultural messaging on this topic has been pervasive. But what happens when art is introduced so that we are talking about STEAM? Why might it be helpful to blend science with the humanities? These questions will be addressed, along with others, through the lens of an exciting new book dedicated to our bioregion.

LOCATION: WSU TREE FRUIT RESEARCH & EXTENSION CENTER

1100 N WESTERN AVE, WENATCHEE, WA 98801
